**Resource Management Plan
Amendment; Missoula County,
Montana**

AGENCY: Butte District Office, Bureau of Land Management, Interior.

ACTION: Notice of intent to prepare a Resource Management Plan Amendment.

SUMMARY: A Resource Management Plan Amendment/Environmental Assessment will be prepared to allocate resources and to designate management goals and guidelines for 11,730 acres of land along the lower Blackfoot River in Missoula County, Montana which are proposed for acquisition by exchange. The Garnet Resource Area Resource Management Plan (Garnet RMP), approved in 1986, provide for the disposal and acquisition

of lands by exchange based on a specific set of criteria and further, identified public lands for disposal based on this criteria.

Future management of the lands proposed for acquisition has been identified as an issue to be addressed in the Environmental Assessment for the proposed land exchange. Management Areas consistent with the Garnet RMP would be assigned to the lands proposed for acquisition. Thirteen Management Areas were described in the Garnet RMP and all public lands in the Resource Area were placed in one of these categories. Each Management Area places a specific emphasis on future land use and each provides broad direction for future management of the lands in each category.

DATES: A public scoping period will run until February 3, 1997. Comments may be submitted to the address listed below.

FOR FURTHER INFORMATION: Contact the Bureau of Land Management, Attention: James Ledger, 3255 Fort Missoula Road, Missoula, Montana, 59804. Phone: 406-329-3914.
